

To the Manager or School Principal

We would like to offer you an opportunity to raise funds for your school or organisation and at the same time promote healthy eating to children and parents by selling the Mini Meals Recipe book.

The Mini Meals book features 40 fun and easy to prepare snack recipes kids can make with the help of their parents. The boring connotations of being 'healthy' are overcome by the use of fun themes like Outer Space and silly recipe names like 'Alien Eye Balls'. The book includes fun stories and activities that kids can also enjoy. Five dollars from each book sale will go directly to the school/organisation.

Avoid the temptation of selling Cadbury chocolates or Krisy Kreme donuts to your children and choose a healthier way to raise school funds!

Your fundraising kit will include:

1. A general flier that you can use to place your final order of books sold at your school/organisation. The exact number of books will be supplied to you upon receipt of the wholesale fee for the quantity required. That is, you take the book orders and receive the payments then draw a cheque for the wholesale price for the quantity of books ordered and send this to us.
2. Fliers that can be distributed to parents of each child attending the school/organisation.
3. An order summary sheet for each class rep or group to collate for book distribution.

We are happy to assist you with your fundraising endeavours so if you have an alternative system you would like to use for fundraising we are happy to accommodate.

If you have any further questions, please contact me at any time.

Yours sincerely

Kristin McMaster
